Papers and major articles are denoted by printing the page numbers in bold type

- Acoustic Target Strength of Fish—Letters to the Editor 384
- Active-network Theory, Significance of Nullators, Norators and Nullors in ... 259
- Advances in Control of Systems, U.K.A.C. Convention 4
- Advisory Council on Calibration, and Measurement Panel to deal with R.F. Measurements ... 129
- AERIALS:**
- Equivalent Circuit of Two-port Antennae with an Application to Magic-T Systems ... 60
- Superdirective Arrays: The Use of Decoupling between Elements to Ease Design and Increase Bandwidth ... 251
- Africa—Institution Secretary's visit ... 136
- Amplitude Limiting Applied to a Sensitive Correlation Detector ... 5
- Correction ... 136
- Angular Resolution Beyond the Rayleigh Limit, Radar Signal Processing for ... 161
- Annual General Meeting of the Institution ... 258
- Applications of Thin Films in Electronic Engineering, Conference on (see Thin Films)
- Ariel III*—first results from ... 276
- Attenuation of Moving Clutter, Efficiency of ... 157
- Automatic Recognition of Low-quality Printed Characters using Analogue Techniques ... 67
- Automatic Testing of Electronic Equipment for Aircraft ... 269
- Automation to Assembly and Testing in Computer Manufacture, Application of ... 305
- Beam Deflection Techniques, Review of Electro-optic ... 345
- British Broadcasting Corporation
- Electronic Field Store Colour Television Converter ... 160
- British Calibration Service established ... 129
- Cambridge University ... 194, 257

- Change of Ottawa office address ... 66
- Cavendish Laboratory ... 257
- Ceylon Public Service Commission
- I.E.R.E. membership qualifies for appointments ... 322
- CIRCUITS:**
- Techniques—
- Practical Design of Interdigital and Comb-line Filters ... 39
- Voltage Stabilized Sinusoidal Inverters using Transistors ... 109
- Correction ... 136
- Step-recovery Diode in Harmonic Generation: Linear Time-varying Circuit Model ... 137
- Silicon Diode Analogue Multiplier ... 241
- Review of Electro-optic Beam Deflection Techniques ... 345
- Shadow Mask Picture Tube Convergence Techniques ... 353
- Theory—
- High-order Multipliers without Idlers ... 31
- Low-pass Active Filters ... 90
- Rigorous Theory of Electromechanical Delay Lines 236
- Significance of Nullators, Norators and Nullors in Active-network Theory... 259
- CIRCUITS: Theory—(continued)**
- Coefficient Plane Synthesis of Zero Velocity Lag Servomechanisms ... 323
- Clerk Maxwell Memorial Lectures
- Sixth to be presented at I.E.R.E. Summer Convention in 1968 ... 194, 257
- Clutter, Efficiency of Attenuation of Moving ... 157
- Commonwealth Engineering Conference ... 258
- COMMUNICATIONS:**
- Review of Methods of Measuring System Parameters in Time-variant Space Communication Channels 199
- Communication-Satellite Earth Stations, U.K. International Seminar on ... 268
- Design of Simple Frequency-division-multiplex Communication Systems without Band-pass Filters, with particular reference to the Use of Constant-resistance Modulators ... 277
- COMPUTER TECHNIQUES:**
- Computer Control of Natural Resources and Public Utilities, I.F.A.C. Symposium in Haifa ... 4
- Amplitude Limiting Applied to a Sensitive Correlation Detector ... 5
- Correction ... 136
- Computers and the Engineer: Computer-Aided Design Committee set up by Ministry of Technology 65
- Automatic Recognition of Low-quality Printed Characters using Analogue Techniques ... 67
- New Thin-film Resistive Memory ... 81
- Some Applications of Computers in Electronics Design ... 217
- Multi-parameter Data Recording and Processing System using Magnetic Tape ... 225
- Application of Automation to Assembly and Testing in Computer Manufacture ... 305
- CONFERENCES AND SYMPOSIA:**
- Advances in Control of Systems, Third U.K.A.C. Convention ... 4
- Applications of Thin Films in Electronic Engineering Conference ... 4
- Revised Proceedings published ... 4
- Papers published ... 90, 97
- Computer Control of Natural Resources and Public Utilities, U.K.A.C. Symposium in Haifa ... 4
- Digital Control of Large Industrial Systems Symposium ... 268
- Electronics Design Conference in 1968 ... 136

INDEX OF ABSTRACTS

This index classifies under subject headings the abstracts published throughout the volume in 'Radio Engineering Overseas', summaries of papers presented at the Conference on 'R.F. Measurements and Standards' held at Teddington in November 1967, and abstracts of some of the papers published in the *Proceedings* of the Indian Division of the Institution of Electronic and Radio Engineers during 1967.

Aerials

- Direction of maximum radiation from non-resonant end-fed aerials. V. L. Talekar ... 304
- Model aerial testing techniques. O. F. Lobert and W. S. Davies ... 192
- Radiation characteristics of antenna arrays in a moving medium. H. Fujioka and N. Kumagain ... 320

Amplifiers

- Three-cavity solid-state maser at a wavelength of 21 cm. M. Y. Zhabotinsky and A. V. Frantsesson ... 192
- Transistorized tuned amplifiers. H. Singh and D. Singh ... 304
- Wide band operational amplifier with feed-forward coupling. R. Bladowski, B. Murai and G. M. Riva ... 320

Communications

- Proposal for remotely monitoring carrier-frequency long distance communication systems. J. Korn ... 256

Computers

- High-speed punched-tape reader. J. M. Visscher ... 320

Instruments

- Coaxial primary standard for noise source calibration. R. W. Murray ... 135
- High frequency electronic wattmeter. S. M. S. Rao ... 304
- New r.f. power meter. A. A. Luskow ... 131

Interference

- Shielded enclosures. A. P. Hale ... 131
- Standardization of radio interference measuring equipment and techniques. G. A. Jackson ... 135

Management

- Management of replacement stocks for unattended stations. F. Mazzinghi and C. Saini ... 128

Measurements

- Admittance measurements on monolithic microcircuits in the range 50-1500 MHz. H. A. Kemhadjian and B. J. Lewis ... 133
- Admittance measurements on thin film components from 50-1500 MHz. G. G. Bloodworth and A. M. Negandhi ... 134

- C. W. comparator for precision attenuators. R. W. A. Siddle and I. A. Harris ... 133

- Comparative survey of U.K. radio frequency measurement capability. D. P. Thurnell ... 131

- Equipment for the measurement of insertion loss, gain and delay over a wide range of amplitude and frequency. G. J. Crank ... 132

- Ion pair method of specifying noise in a nuclear pulse amplifier in relation to the noise figure and noise temperature. M. O. Deighton ... 135
